# YOUR RECURRING GIFT CAN TRANSFORM LIVES!

*Hello. My name is Nathan. I am one of the chaplains for Our Hospice of South Central Indiana. I was a participant in Camp Eva a couple of years ago which is a ministry to children who have lost a significant person in their life. When the pandemic created a lot of chaos last year for ministries like Camp Eva, the founder of Camp Eva and some of our social workers worked together to come up with a new way to minister to children. Out of that collaboration came Transformers, a support group for children who have lost a loved one.*

*It certainly was timely.*

*You see, my adult daughter died very unexpectedly late September 2020. She left behind a husband and two daughters, ages 3 and 12 years old. My oldest granddaughter lives with me and my wife now. We racked our brains trying to get her help for her grief. We started reading a devotional type book on grief. We considered having her attend a grief support group at school, but the pandemic nixed that too.*

*I was excited to hear that a support group for children had been created so I shared the information with my granddaughter. She was excited, yet apprehensive because she didn't know what to expect. I found out I wasn't the only grandparent supporting a grandchild through their grief and my granddaughter was surprised that other children who joined the group, some younger than her, had also lost someone close to them.*

*I feel it is a worthy service and would encourage anyone who has a child or children who has/have experienced the death of a significant person to consider becoming a part of Transformers.*

Transformers meets the  
2nd Thursday of each  
month via Zoom. Contact
